LEXINGTON BOOSTERS VISIT PARIS

The Lexington business men's boosting motorcade visited Paris, Tuesday afternoon, their stay being only about forty-five minutes. The delegation was late in getting in, due to delays along the road. Their reception here was not a very enthusiastic one, not that the Paris people have a grudge against their neighbors, but because they were too busy taking care of their own business to wax enthusiastic over a neighborly visit.

The delegation arrived here from Cynthiana, being met at the city limits by a reception committee composed of Mayor E. B. January, Councilman John J. Williams, John T. Collins, Ollie Marshall and E. M. Dickson. Their machines were parked near the court house, and a parade formed, composed of the Lexington men, headed by the State University band, and accompanied by the reception committee. The parade marched up Main street, returning to the court house, where a small crowd gathered. The welcome address was made by E. M. Dickson, who was introduced by Councilman Williams. The response was delivered by Frank B. Jones, president of the Lexington Chamber of Commerce. Robert J. Breckinridge, of Lexington, delivered an eloquent address. A feature of the program was the music rendered by the State University Band. The delegation sang a number of songs, and distributed souvenirs among the audience. Farewells were then said, and the motorcade left the city for Georgetown, on the last lap of the homeward journey.

ALMOST ALL STUDENTS PASS.

It developed that most of the students of the Eighth Grade in the county schools who recently took the examinations for promotion to the High School work, passed successfully and there will be a number of new faces in the ranks of the High Schools when they convene for the fall term.

The teachers had been preparing the students for the examinations, and this special work is given as the cause for the unusually large percentage passing. Most of those who failed to successfully pass the examination were held out of study by illness and other causes. On the whole, the result of the examinations has been very gratifying to the Superintendent, and the teachers of the county schools.

PARIS COMMERCIAL CLUB IS BORN AGAIN.

Paris has successfully weathered several spasmodic attempts to keep in existence a Commercial Club, in the hopes that one that would really do something would some day be organized and put into active service. Clubs have come and clubs have gone, and left behind them only the record of things half-way attempted. But now things are to assume a different turn, thanks to the real live wires who have taken hold of the project.

For some time the fate of a Commercial Club, already organized here has swung in the balance and its final disposition seemed a thing for speculation. Now the future looks up rosily and the way seems brighter. At a meeting held at the court house in this city Tuesday night, eighteen energetic business men of Paris took hold of affairs and resolved to make the Commercial Club a reality and a sticker. A. B. Hancock, always foremost in all public spirited moves, presided over the meeting, and Lawrence Price with his trusty pen, officiated as secretary. Mr. Hancock stated the object of the meeting and the aims of the progressive business men of Paris, and called for expressions of opinion from the members as to the wisdom of continuing the Club in the future. Short talks favoring the future of the Club and advocating its continuance were made by I. L. Price, John T. Collins, H. A. Power, Lee Price, N. Ford Brent, E. B. January and others. And everything they said had the true ring of a desire to help Paris.

Mr. Hancock appointed a committee composed of N. F. Brent, John T. Collins, and B. M. Renick, to appoint an organization committee. The committee named H. A. Power, I. L. Price, A. B. Hancock, Rudolph Davis, and M. Peale Collier for the purpose. Among other things to be considered by the Club will be the employment of a live wire as a business secretary, a man who is not in any way connected with a faction or any disgruntled element in Paris.

Those present and taking part in the meeting were A. B. Hancock, Lawrence Price, Lee Price, I. L. Price, C. K. Thomas, B. M. Renick, M. Peale Collier, H. A. Power, D. Y. L. Parley, J. Walter Payne, Barnett Winters, H. J. Grosche, J. M. Scott, John T. Collins, E. B. January, N. F. Brent.

REAL ESTATE TRANSACTIONS

Through the real estate agency of H. L. Mitchell & Son, Mrs. Thompson H. Tarr sold privately to Mrs. James H. Moreland, a house and lot located on Parrish avenue for a price not given out for publication.

Mr. J. B. Booth, of Bourbon county, purchased at public auction Tuesday the brick bungalow at the city limits of Lexington, on the Versailles pike, owned by Davis & Wilkerson, for \$7,750. Mr. Booth will occupy it as a home, having sold his farm near Paris. The sale was made by Riner & Wharton, real estate agents.

Buckley & Geary, Lexington real estate dealers, who recently purchased "Bella Vista," of Mr. and Mrs. Reid Rogers, at Mt. Sterling, and subdivided the place into building lots, offered them at public auction at Mt. Sterling, Tuesday. The sale was conducted by George D. Speakes, of Harris, Speakes & Harris, of Paris. The residence was bid on by Thomas N. Coons, of Mt. Sterling, for \$10,000. The lots all brought good prices.

The old house at the corner of Main and Eighth streets at present occupied by Claude Tyree and Frank Trisler's insurance offices, is soon to be torn away to make room for a modern building. The property was purchased some time ago from the John A. Schwartz estate by Geo. W. and John M. Stuart and J. M. Alverson. The plans as reported semi-officially are being prepared for the erection of an office building, the lower floor to be an up-to-date moving picture theatre with a modern equipment throughout. This will give Paris three motion picture houses.

IMPORTANT MEETING FOR BUSINESS MEN TUESDAY.

The Paris Commercial Club will hold an important meeting in the Circuit Court room in the court house, on next Tuesday night, June 1, at 7:30 o'clock. At this meeting a Board of Directors will be elected, who in turn will assist in electing officers to serve the Club for the ensuing term. A get-together "smoker" will be held, and an earnest effort will be made to impress upon the business men of Paris the importance of giving the Commercial Club their material and moral help and support. All the business men of Paris, are invited and urged to be present at this meeting.

Paris business men must realize that the alarm-clock methods of the past will have to be dispensed with, and that Paris must really do something to regain the trade that has been enticed away to other towns by methods that are to say least, shady, though effective. The old cry of "Wake up!" must give way to that of "We are awake!" Gangway for the progressives! We must do before we are done for! Shorn of all theatricals, all frills and using plain English, Paris people must get into action now.

ARTIST GOFF COMPLETES PORTRAIT OF JUDGE McMILLAN

Mr. Sudduth Goff, Lexington's talented portrait painter, has just completed an oil portrait of former County Judge Charles A. McMillan, of this city, which was ordered by the Fiscal Court some months ago. The portrait is temporarily on exhibit in the show window of the C. F. Bower Co., at Lexington, and is a very skillfully executed and attractive piece of work from the brush of Mr. Goff.

The portrait is to be hung in the County Court room in the Paris court house, where those of his predecessors in office already are placed. The committee from the Bourbon Fiscal Court, who gave the order to Mr. Goff, and Mr. McMillan's relatives and friends were given a private showing of the portrait here Tuesday. All were delighted with it, and Mr. McMillan's mother, Mrs. Sallie McMillan, paid the portrait and the artist deserved compliments.

Mr. Goff is one of Lexington's leading artists, and is the winner of numerous scholarships and honors from the Boston School of Art and other institutions which he has attended.
